CHA	J2	RECENT FALLS [Skip if last assessed more than 30 days ago or if this is first assessment; only code falls that have occurred since the last assessment.] 0 No 1 Yes [blank] Not applicable (first assessment, or more than 30 days since last assessment)	

MANUAL			
Page	Item #	Change Suggested/Requested	
	Localized items	Drop this note from items flagged as [Country Specific] NOTE: If not in the USA, please consult your addendum.	
47	H1	1. Complete control Managed with any catheter or ostomy over last 3 days — Control Managed with use of any type of catheter or urinary collection device.	
53	J2	If this is the first assessment, or if more than 30 days have passed since the last assessment, simply leave this item blank. If this is a follow-up assessment 30 or fewer days since the previous assessment, code for the most correct response, with less than 30 days since the last assessment, only code falls that have occurred since the last assessment. 0. No fall in last 30 days 1. Yes, fall in last 30 days [blank] Not applicable (first assessment, or more than 30 days since last assessment)	
90	FS Trigger	Primary mode of locomotion indoors (G3) (Scored from 0 = Walking, no assistive device to 3 = Bed bound) Locomotion — performance (G2f) (Scored from 0 = Independent to 8 = Activity did not occur)	
126	G2	G2 Process: “Ask the person — he or she may not have told others of his or her symptoms. Ask family members or caregivers. Review any available clinical records. Consult with the person and the person’s family. Review any clinical records. Use your clinical judgment to determine whether it is appropriate to ask the person about whether he or she has an “end-stage disease”	
157	CHA-MH	MH should not have black rectangle for item-by-item guide opener. Only “part openers” should have it, and in CHA the part openers are like title pages (not like the other books where item-by-item guide opener is a part opener)	
189	box	Example box “Miss R Ms. R” (change throughout box)	
211	black box	Black box around “Part VI should bleed top of page
